Biogen Idec, a leader in the biotechnology and biopharmaceutical manufacturing industry, wants to see YOU! Join the NCSU-ISPE & Biochemistry Clubs for a session with Biogen Idec, a pioneer of and among the world's first biotechnology companies, and today is the oldest independent biotech firm in the world with more than 30 years of contributions to the industry. Scientific curiosity and courageous innovation helps the company create new and important therapies. These values extend beyond the laboratories; the company's aim to discover better ways of doing things infuses all their work, from manufacturing and marketing to partnerships and human resources.
